Drafted with AI from your notes

Version 2 · changed paragraph 2

Sam,

I'm still thinking about last night. The lamps were low, the velvet was warm, and the second that oil touched my skin I forgot anyone was watching but you.

I couldn't stop smiling for you, even with the camera right there beside me.

May touch "Showing my face". Check this line, then edit or confirm it.

[Explicit memories of the ticked moments appear here in the real letter.]

Every word I said to you, I meant.

Yours, still warm,

Maya

P.S. Making that for you was so much fun that I already have an idea of my own... candlelight, black lace, and me in a very hungry mood. I think you'd love it. Let me know 🥰

Maya left you something with your video

THE MORNING AFTER

Sam,

I'm still thinking about last night. The lamps were low, the velvet was warm, and the second that oil touched my skin I forgot anyone was watching but you.

Leo and I couldn't stop laughing at the start, and then, very suddenly, we weren't laughing at all.

[Explicit memories of the shoot appear here in the real letter.]

Every word I said to you, I meant.

Yours, still warm,

Maya

P.S. Making that for you was so much fun that I already have an idea of my own... candlelight, black lace, and me in a very hungry mood. I think you'd love it. Let me know 🥰
